

Grand Junction Regional Airport Air Service Incentive Program

Background

The Grand Junction Regional Airport Authority has developed the following air service incentive program to increase access and affordability of commercial air service at GJT in accordance with applicable Federal Aviation Administration (FAA) rules and guidance.

Goal of the Program

The goal of the Grand Junction Regional Airport Air Service Incentive Program is to increase access to affordable air service at GJT through new passenger service to unserved destinations with an emphasis on in-demand, target markets.

Definition of Key Terms

2. New Service – Nonstop service connecting GJT with an unserved destination
3. Additional Service – Nonstop service from an air carrier to a destination not currently served by that air carrier from GJT
4. Seasonal Service – Airport destination with scheduled nonstop service for between 12 consecutive weeks and 50 consecutive weeks in a 12-month period

Targeted Airport Destinations

Through rigorous analysis and conversations with community stakeholders, GJT has identified the following target markets and airport destinations for new air service:

Terms and Conditions

1. This incentive program is effective immediately and may be amended by the Grand Junction Airport Authority at any time.
2. This incentive program will be administered in compliance with federal law, the Airport Improvement Program Grant Assurances, and FAA policy, including the *Policy and Procedures Concerning the Use of Airport Revenue* (1999) and the *Air Carrier Incentive Program Guidebook* (2010).
3. Participation in this program requires an incentive agreement between the Grand Junction Airport Authority and an air carrier. The Airport Authority reserves the right, based on budget availability, to limit an incentive on a specific route to the first air carrier to sign an incentive agreement.
4. To qualify for incentives, a seasonal route must be operated for a minimum of 12 consecutive weeks.
5. An air carrier may only qualify for an incentive for a particular route one time. Seasonal service may not receive an incentive each time it returns for a new season.
6. To qualify for incentives, a carrier must be current on payment of rates and charges.
7. Air carriers must operate service throughout duration of the promotional period at the level specified.
8. Air carriers must use the passenger terminal in order to qualify for incentives.
9. An air carrier may qualify for an incentive regardless of the type of economic and safety certificates it has sought and received from the U.S. Department of Transportation and FAA, including authorities granted under 14 C.F.R. Parts 119, 121 and Part 135, provided that the air carrier otherwise satisfies the eligibility and qualification requirements of this incentive program.
10. An air carrier may qualify for an incentive whether the air carrier operates as a signatory or non-signatory at GJT, provided that the air carrier otherwise satisfies the eligibility and qualification requirements of this incentive program.
11. Air carriers may choose to forgo some or all fee waivers and rent abatements for an increased marketing incentive of equal value based upon service schedule and aircraft gauge committed at the time of entering into an incentive agreement with GJT. If the airline changes its frequency or gauge over the incentive period, the amount of the marketing incentive will be increased or reduced accordingly.
12. Incentives may not be transferred from one carrier to another. Incentives cannot be transferred between routes.
13. Additional incentives including marketing support and minimum revenue guarantees (MRG) may be available through Grand Junction Regional Air Service Alliance.
